

Weather Forecast Saturday 19 January 2019

Synoptic Situation at 07.00 A.M.

The moderate high pressure across upper Thailand begins weakening, and the westerly trough at high altitude covers the North. Moring cool spells, with decreasing temperatures, are forecast for upper Thailand. Temperatures decrease by 1-2 °C in the North while a slight decrease in temperatures will be likely for the rest of the upper half of the country.

Forecast form 10.00 am. To day to 10.00 am. Tomorrow
